SUMMARY

Final-year Computer Science student seeking for a Data Analyst Intern/Fresher role experienced in cleaning and transforming datasets, performing exploratory data analysis, aggregating business metrics with SQL, and converting insights into practical recommendations.

WORK EXPERIENCE

Vietnam AI Software Solution - Business Analyst Intern

Nov 2025 - Feb 2026

- Gathered and analyzed business requirements from school stakeholders, including administrators, teachers, and staff.
- Translated business needs into functional specifications, user stories, and system workflows for the development team.
- Prepared project documentation, business reports, and presentation materials.

Saigon High-Tech Park - IT Helpdesk Intern

Sep 2025 - Nov 2025

- Provided technical support for hardware and software issues for internal users.
- Assisted in system setup, configuration, and troubleshooting to support stable daily operations.

PROJECT

Sales & Profitability Analysis - E-commerce Dataset

Tools: Python, Pandas, SQL, EDA, Data Visualization

- Cleaned and transformed raw product data into numeric format using Python.
- Performed exploratory data analysis to understand pricing, discount patterns, customer behavior, and product category performance.
- Estimated product revenue by combining discounted price with review count as a proxy for sales volume.
- Used SQL to aggregate estimated revenue by category, identify top-performing products, and analyze pricing trends.
- Identified high-revenue product groups and pricing inefficiencies affecting profitability.
- Delivered data-driven recommendations to improve pricing strategy and optimize product-level profitability.

SKILLS

Data Analysis: Data Cleaning, EDA, Business Insight, Reporting

Programming: Python, SQL

Libraries: Pandas, NumPy, Matplotlib, Seaborn

BI Tools: Excel, Power BI, Tableau

Database: MySQL, PostgreSQL

EDUCATION

Open University

Bachelor of Computer Science

Expected in 8/2026

GPA: 3.2/4.0

HONORS & AWARDS

Consolation Prize - University-level Scientific Research Competition, 2025

LANGUAGES

Vietnamese: Native

English: TOEIC 700
